SWEP Communique - Practitioner Resources

SWEP is committed to supporting AT Practitioners to assist consumers with the provision of Assistive Technology. Under the 'AT Practitioners' section of the SWEP website, you will find a variety of links available to help in this area. These links include:

- [Information for AT Practitioner](#) on the programs that SWEP administers
 - [Other relevant documents](#) – here you will find links to resources designed to assist with specific program applications along with the Victorian Aids & Equipment program guidelines
 - [Chemtronics reissue](#) database link with an accompanying user guide
 - [SWEP endorsed education](#) – a list of courses to assist with PD points and development
 - [Our Pick Lists](#) for quotable and contacted items
 - [Practitioner Manuals](#) – these can be used as a resource to support clinical decision making
- We have recently updated the Wheelchair and Scooter manual (click here to [view](#)) and we are currently working on updating the Home Modification's manual

If you require further information or have any queries, please contact SWEP via swep@bhs.org.au

Regards

SWEP Management Team
